The Big Free—It's so Cool at the Ann Arbor Hands-On Museum

December 26 – January 4

The Big Freeze, "It's So Cool" and delicious at the Ann Arbor Hands-On Museum where frosty experiments lead to making your own ice cream. The Big Freeze ice cream and other cool experiments are done the fun exciting and wacky way of the Ann Arbor Hands-On Museum. Other cool hands-on demonstrations include dry ice, making snow flakes and cool family fun. On December 27 and 28 see Professor Ray's Everyday Science demonstrations at 1pm and 3pm with Super Cool Super Cold Liquid Nitrogen.

There's always something cool to do over New Years weekend at the Ann Arbor Hands-On Museum with more hands-on activities January 2 through January 4. Cooler yet, climb the simulated ice wall and enjoy Brainy Brain's Science demonstrations at 1pm and 3pm on January 3 and 4 on his cool wonderful water weekend.

There's always something COOL going on at the Ann Arbor Hands-On Museum featuring over 250 cool hands-on experiments for kids of all ages. The Big Freeze "It's So Cool" through the holiday season brings an incredible learning experience to everyone and its fun and cool too.

You are invited to the Ann Arbor Hands-On Museum, December 26 – January 4
220 East Ann Street, Ann Arbor, MI 48104, www.aahom.org, 734.995.5439
