

Ecosystem Scavenger Hunt

Using your science notebook, work in pairs to find as many items on the scavenger hunt list as possible! Good Luck!

- 5 different kinds of trees
- A tree den (hole in a tree where animals might live)
- Something decomposing
- 4 different signs of animal life
- A tree that takes two people to put your arms around
- A place you would like to live if you were an animal
- Animal tracks (foot prints)
- Something yellow
- Something red
- Something you learned about in school
- A seed
- A place where an animal has dug in the ground
- A place where an animal could find water
- A shady spot
- Something that would be considered a "pest" if you found it inside
- A piece of trash/something left by humans
